

IYC compact #7

Registering for the IYC

Registration for the International Youth Convention 2019 is organised in groups.

Why can I only register myself in a group?

So that the youth arrive together and, above all, can sleep together in one of the halls of the youth camp. Also, each individual has a group leader and therefore an onsite point of contact.

HOW can I register?

1

Registration cards:

The cards are sent to the congregations by post. Extra registration cards can be ordered through the respective district Church administration office.

2

Forming groups:

A group leader is chosen and receives the registration card. He/she is responsible for that group. The registration for the group is made under www.iyc2019.org/registration.

3

Inviting others to the group:

The group leader can invite further members to the group and sends them the group number. Each group member registers him/herself or lets the group leader on their behalf.

WHAT information is needed to register?

The following information is required when registering:

- first name, surname
- email address
- mobile telephone number
- gender
- date of birth
- district Church
- under 18s – the group leader brings the form of consent, undersigned by the legal guardian/parent, with him/her to the International Youth Convention 2019
